Library Server Use

Library Systems will contact you with your account information and review the appropriate policies and procedures to be used. You will be given a date by which time your project should be FTP'd to the Library and all links checked. After this date access to the Library Server will be eliminated. If additional time is needed, call Library Systems 756-1189. Authorization from the faculty advisor will be required.

Conditions of Library Server Use

Use of the library server is for submitting a senior project or master's thesis only. Any other use of the library server is prohibited. Authorization is designated for sole use. Use by others of your account on the library server is prohibited. Any violations of this agreement will eliminate access to the library's server.

I have read and understand the conditions and use of the library server.
